

For Immediate Release

Provigent Moves Offices to Santa Clara, California

Rapid Market Acceptance; Increased Product Demand; Accelerated Customer Base Growth - Prompt Move to Larger Facility

Santa Clara, Calif., January 22, 2007 – Provigent, a leading provider of system-on-a-chip (SoC) solutions for the broadband wireless transmission market, has moved its offices from Los Altos to Santa Clara, California.

“This move reflects the accelerated pace at which the market is adopting Provigent’s point-to-point system-on-a-chip (SoC) solutions,” stated Guy Nathanzon, Provigent’s CFO. “Provigent’s growing market penetration and planned future operational requirements prompted this move to a larger facility.”

The popularity of Provigent’s wireless point-to-point system SoC solutions is due to the comprehensive silicon embedded functionalities, ease of implementation/integration and proven reliability. “The new facility in Santa Clara is designed to meet the challenges associated with rapid market acceptance.” continued Mr. Nathanzon. “This expansion of technical and business support capabilities is evidence of Provigent’s increasing customer base and new design activity.”

The new office details are:

Provigent Inc.
3333 Bowers Ave.
Santa Clara, CA 95054
Phone: (408) 701-2250
Fax: (408) 715-0188

Customer interaction and support are key components to the company’s success. Provigent works hand in hand with customers’ technical and marketing teams for an efficient and accelerated product development cycle. This results in early product introductions to their sales force.

About Provigent

Provigent, a fabless semiconductor company, is the leading supplier of system-on-a-chip solutions for the broadband wireless transmission industry. The company is financed by leading venture capital companies and private individuals such as Andrew Viterbi, co-founder of QUALCOMM (Nasdaq: QCOM). More information is available on the Web at www.provigent.com or via e-mail at info@provigent.com.
